

Service Bulletin: Aftermarket Parts for the Avalir Platinum with Sound Suppression System

January, 2026

The following parts are now in stock to support the new Avalir Platinum with Sound Suppression System.

Aftermarket Parts:

- | | |
|------------------------------------|----------|
| 1. Outer Cloth Bag with Muffler | #187925A |
| 2. Outer Cloth Bag without Muffler | #190024 |
| 3. Muffler | #189218S |
| 4. Brush Roll | #152517 |
| 5. Portable Handle Strap | # 213517 |

To ensure proper operation of the Avalir Platinum with Sound Suppression, one must take the following steps:

- a. **Regular inspection of the Outer Bag:** Make sure there are no tears or holes in the bag material. If so, this will have a negative effect on the sound suppression properties.
- b. **Proper cleaning of the brush roll:** Remove any fibers/hairs from the cylinders and bristles.
- c. **Muffler:** If any type of foreign matter is absorbed into the muffler, this will need replacement.

(Please call the Kirby Hot Line if you have additional questions: 800-535-8674.)

Remember to always use Genuine Kirby Parts to ensure that the Kirby operates at the highest performance level.
